5-Zone Rotary Induction Cooktop

Offers precise, efficient cooking with instant heat control. The bridgeable left-hand zones accommodate larger pots and pans, while the 3 temperature presets, Auto Heat-up function, and timer offer added convenience.

148L Oven Capacity

A spacious 148L oven equipped with two powerful oven fans for optimal heat distribution, twin lighting for bright illumination throughout, and 12 oven functions for ultimate performance and flexibility.

Air Fry for Healthier, Faster Cooking

Cook crispy, golden meals with little or no oil using the Air Fry function. It offers healthier alternatives to deep frying while maintaining the texture and flavour you love.

Steam Assist

Enhances your cooking by adding moisture, keeping dishes tender and flavourful, while also simplifying cleaning by loosening stubborn splatters and stains.

Pro-Trac™ Telescopic Rails

Fully adjustable, full-extension telescopic rails offer safe, effortless access to your dishes, preventing the need to reach into the oven.

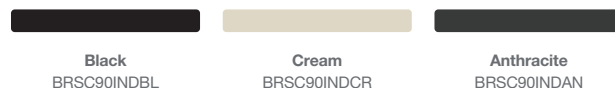

TrueTemp Digital Thermostat

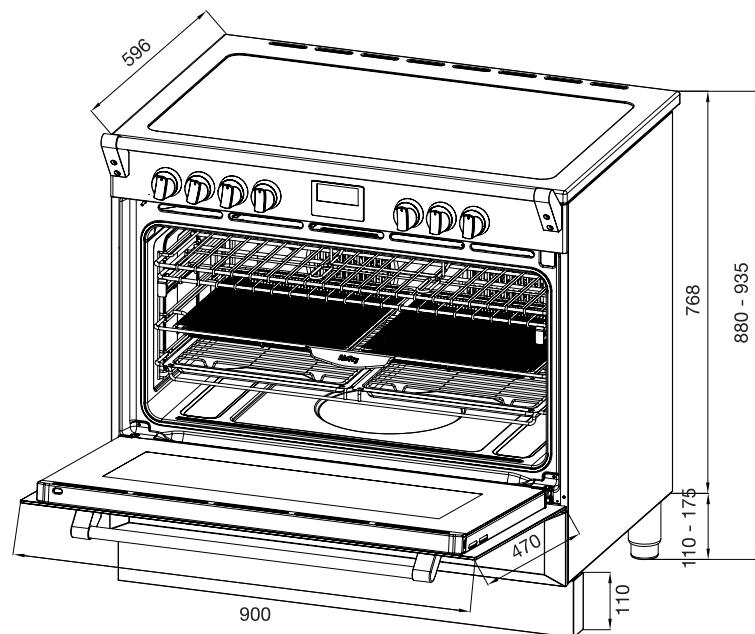

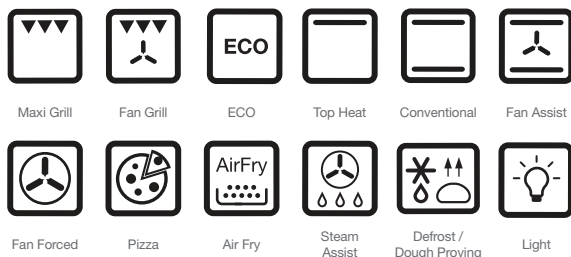

Ensures precise, consistent cooking results within the Multi-Function Main Oven cavity. Set your desired temperature in 5° increments, allowing for accurate temperature control and perfect dishes every time.
